

Ian Franco Collada Pontorno

SOFTWARE ENGINEER

ABOUT ME

I am a **committed** and **proactive** software engineer, propelled by **motivation** and **determination** to reach and surpass my professional goals. I had the opportunity to **lead** a team of two in the dynamic context of a **startup**, working closely to achieve **strategic objectives**. My eagerness to **learn** not only demonstrates a dedication to **continuous improvement** but also the excitement of tackling challenges in **dynamic environments**. I am eager to **contribute** and continue **learning** in **stimulating contexts**.
